# **AVIATION MANAGEMENT - B.S.**

College of Aeronautics and Engineering www.kent.edu/cae

### **About This Program**

With a blend of theoretical knowledge and practical experience, the Aviation Management major equips students with the skills needed to excel in aviation. Aviation Management students gain experience through operational field trips, internships and co-op programs at aeronautical facilities such as airports, and through research projects while learning from experienced faculty and industry professionals. Enroll now and soar toward a rewarding career in aviation. Read more...

### **Program Delivery**

- · Delivery:
  - · In person
- · Location:
  - · Kent Campus

# Examples of Possible Careers and Salaries\*

#### **Transportation, storage, and distribution managers**

- · 3.5% about as fast as the average
- · 139,400 number of jobs
- · \$96,390 potential earnings

#### **Additional Careers**

- · Airport management
- · Airport operations

### **Accreditation**

The B.S. degree in Aviation Management is accredited by the Aviation Accreditation Board International, Federal Aviation Administration.

\* Source of occupation titles and labor data comes from the U.S. Bureau of Labor Statistics'

Occupational Outlook Handbook. Data comprises projected percent change in employment over the next 10 years; nation-wide employment numbers; and the yearly median wage at which half of the workers in the occupation earned more than that amount and half earned less.

### **Admission Requirements**

The university affirmatively strives to provide educational opportunities and access to students with varied backgrounds, those with special talents and adult students who graduated from high school three or more years ago.

First-Year Students on the Kent Campus: First-year admission policy on the Kent Campus is selective. Admission decisions are based upon cumulative grade point average, strength of high school college preparatory curriculum and grade trends. Students not admissible to the Kent Campus may be administratively referred to one of the seven regional campuses to begin their college coursework. For more information, visit the admissions website for first-year students.

First-Year Students on the Regional Campuses: First-year admission to Kent State's campuses at Ashtabula, East Liverpool, Geauga, Salem, Stark, Trumbull and Tuscarawas, as well as the Twinsburg Academic Center, is open to anyone with a high school diploma or its equivalent. For more information on admissions, contact the Regional Campuses admissions offices.

**International Students**: All international students must provide proof of English language proficiency unless they meet specific exceptions. For more information, visit the admissions website for international students.

**Transfer Students:** Students who have attended any other educational institution after graduating from high school must apply as undergraduate transfer students. For more information, visit the admissions website for transfer students.

Former Students: Former Kent State students or graduates who have not attended another college or university since Kent State may complete the reenrollment or reinstatement form on the University Registrar's website.

Admission policies for undergraduate students may be found in the University Catalog.

Some programs may require that students meet certain requirements before progressing through the program. For programs with progression requirements, the information is shown on the Coursework tab.

Transfer students must have a minimum 2.250 overall GPA in all collegelevel coursework for admission to the Aviation Management major.

### **University Requirements**

All students in a bachelor's degree program at Kent State University must complete the following university requirements for graduation.

**NOTE:** University requirements may be fulfilled in this program by specific course requirements. Please see Program Requirements for details.

| Flashes 101 (UC 10001)   | 1 credit<br>hour      |
|--|-----------------------|
| Course is not required for students with 30+ transfer credits (excluding College Credit Plus) or age 21+ at time of admission. |                       |
| Diversity Domestic/Global (DIVD/DIVG)  | 2 courses             |
| Students must successfully complete one domestic and one global course, of which one must be from the Kent Core.               |                       |
| Experiential Learning Requirement (ELR)  | varies                |
| Students must successfully complete one course or approved experience.   |                       |
| Kent Core (see table below)  | 36-37 credit<br>hours |
| Writing-Intensive Course (WIC)   | 1 course              |
| Students must earn a minimum C grade in the course.  |                       |
| Upper-Division Requirement   | 39 credit<br>hours    |
| Students must successfully complete 39 upper-division (numbered 30000 to 49999) credit hours to graduate.                      |                       |
| Total Credit Hour Requirement  | 120 credit<br>hours   |
| Vant Cara Daguiramenta   |                       |

### Kent Core Requirements

| Kent Core Composition (KCMP)  | 6     |
|---|-------|
| Kent Core Mathematics and Critical Reasoning (KMCR)                 | 3     |
| Kent Core Humanities and Fine Arts (KHUM/KFA) (min one course each) | 9     |
| Kent Core Social Sciences (KSS) (must be from two disciplines)      | 6     |
| Kent Core Basic Sciences (KBS/KLAB) (must include one laboratory)   | 6-7   |
| Kent Core Additional (KADL)   | 6     |
| Total Credit Hours:   | 36-37 |

### **Program Learning Outcomes**

Graduates of this program will be able to:

- Demonstrate an understanding of the role of federal legislation and regulatory policies in the management of agencies, airlines, airports, businesses and other organizations in professional aviation.
- Demonstrate and apply knowledge and understanding of the technical details involved in the effective management of employees and operational systems in professional aviation.
- Accomplish successful academic work in aviation and allied academic disciplines in preparation for graduate level or professional credentialing.

The educational objectives of the program are the following:

- Exhibit the qualities of excellence, integrity, leadership, management and professionalism within their area of professional specialization in aviation.
- Demonstrate a professional commitment to safety and contribute to the safety culture within their area of professional specialization in aviation.

- 3. Demonstrate the ability to improve aerospace for generations to come through experiential learning, creativity and innovation within their area of professional specialization in aviation.
- Manifest the college's core values in the areas of collaboration, compassion, inclusiveness, innovation, integrity, respect and perseverance within their area of professional specialization in aviation.

### **Full Description**

The Bachelor of Science degree in Aviation Management prepares students for entry-level management, supervisory and administrative positions in aviation and other aviation-related professional fields. This course of study combines technical and aeronautical courses with courses in management and information systems. Students entering this program should have an interest in helping or working with people and an ability to develop analytical and communicative capabilities.

The mission of the Bachelor of Science degree in Aviation Management is to prepare students for careers in aviation management and provide the professional aviation industry with qualified graduates who possess skill sets that comprise management principles, budgetary and financial components and technical knowledge consistent with those of successful aviation professionals.

Students may apply early to the M.S. degree in Aviation Management and Logistics and double count 9 credit hours of graduate courses toward both degree programs. See the Combined Bachelor's/Master's Degree Program policy in the University Catalog for more information.
