# COMPUTER ENGINEERING **TECHNOLOGY - MINOR**

**College of Aeronautics and Engineering** www.kent.edu/cae

### **About This Program**

The Computer Engineering Technology minor provides the foundation for students to study the design of network systems, telecommunications systems, networking hardware and computer hardware engineering and architecture technologies. Students have the opportunity to conceptualize, develop and analyze requirements engineering specifications for practical systems.

- · Minimum 6 credit hours in the minor must be upper-division coursework (30000 and 40000 level).
- · Minimum 6 credit hours in the minor must be outside of the course requirements for any major or other minor the student is pursuing.
- · Minimum 50 percent of the total credit hours for the minor must be taken at Kent State (in residence).

#### **Program Learning Outcomes**

Graduates of this program will be able to:

1. Demonstrate basic applied knowledge of cybersecurity, computer hardware, networking hardware and information technology security.
