Full Description

The Paralegal Studies minor provides the foundation for students to pursue the paralegal field. A paralegal is employed by a law office, corporate legal department or public entity to perform substantive legal work under the supervision of a lawyer. Paralegals conduct legal research, maintain and organize files and draft legal documents. Paralegals also work with clients and witnesses in preparing cases for trial.

The program prepares students for the Certified Paralegal exam from the National Association of Legal Assistants. A paralegal is not a lawyer and may not give legal advice, accept cases, argue in court or set fees.
