

INTERNATIONAL BUSINESS FOR NON-BUSINESS MAJORS - MINOR

Ambassador Crawford College of Business and Entrepreneurship
Department of Management

About This Program

The International Business minor introduces students to cultural issues of a broad, global nature. Students are encouraged to participate in study-abroad programs to complement their studies. Global business is fast becoming an important part of the U.S. economy. The world that college graduates are facing will essentially be a borderless world. This suggests a need to be trained for employment that will have international implications. Whether students take a major in business, fashion design and merchandising, the hard sciences, English or education, some training in global outreach, cultural diversity and "business cultures" will be necessary.
