Admission Requirements

The university affirmatively strives to provide educational opportunities and access to students with varied backgrounds, those with special talents and adult students who graduated from high school three or more years ago.

Admission to this degree is selective and not open to new students at Kent State University. The B.F.A. degree requires applicants to have a minimum 2.750 overall Kent State GPA and the support of the Fashion Design faculty. To be considered for the Bachelor of Fine Arts degree, students must be enrolled in junior-level fashion design studio courses and submit a letter of intent and B.F.A. proposal by the established deadlines.

Students who do not meet the criteria for admission to the Fashion Design major may be eligible for admission to the Pre-Fashion Design and Merchandising non-degree major. In addition, students who do not meet the admission criteria may initiate the process for declaring the B.A. degree in Fashion Design after completing minimum 12 credit hours of non-developmental coursework at Kent State University and earning a minimum 2.750 overall GPA.

International Students: All international students must provide proof of proficiency of the English language (unless they meet specific exceptions) through the submission of an English language proficiency test score or by completing English language classes at Kent State's English as a Second Language Center before entering their program. For more information, visit the admissions website for international students.

Program Learning Outcomes

Graduates of this program will be able to:

- 1. Describe the fashion industry, fashion markets, fashion products and services.
- Integrate conceptual, technical and production design knowledge and skills, leading to a synthesis of the design process from concept to production.
- 3. Apply skills in the use of basic tools, techniques and processes sufficient to produce work from draft or specifications to finished product, including skills in portfolio preparation.
- 4. Use conceptual and critical thinking skills that are applicable to the fashion industry.
- 5. Employ research processes and practices used in the fashion industry.
- 6. Demonstrate professionalism and communication skills in the appropriate creative industry.

Program Policies Physical Activity and ROTC Courses

No more than 4 credit hours of Physical Activity, Wellness and Sport (PWS) courses or the first 16 credit hours of ROTC courses—Aerospace Studies (ASTU) and Military Studies (MSCI)—may apply to the 120 credit hours required for graduation.

Veterans who have completed a minimum of one year of active duty may receive PWS credit for military basic training according to branch of service, as follows:

- · Army and Marine Corps, 3 credit hours;
- · Navy and Coast Guard, 2 credit hours;
- Air Force, 1 credit hour.

Requirement Audit

Upon completion of 60 credit hours, each student is required to contact the College of the Arts Advising office to obtain a current evaluation of progress toward completion of the student's chosen degree program. Requirement evaluations are not a substitute for meeting with a faculty advisor. Students may access GPS (Graduation Planning System) audit through their FlashLine account which provides them with information about their academic progress. Questions about GPS audits are answered in the College of the Arts Advising office.

Full Description

The Bachelor of Fine Arts degree in Fashion Design integrates conceptual, technical and production design knowledge and skills, leading to a synthesis of the design process from concept to production. These processes include color, design and trend research; technical sketching and rendered illustration; pattern-making and garment construction; analysis of appropriate fit and fabric selection; best practices in sustainable methods and knowledge and the ability to communicate specifications for production using industry standards appropriate to specific markets.

The degree program prepares students for professional careers by developing technical competency, creative/independent problem solving and conceptual understanding necessary for the challenges of a career in the creative industries. Students develop portfolios for presentation at industry interviews and are prepared to be strongly competitive for any entry-level design position in the industry.

Students participate in a study abroad/away experience, which includes opportunities to study for a semester in New York City; Florence, Italy; and Paris, France, as well as through collaborative partnership programs with universities in Hong Kong, South Korea and London.

The B.F.A. degree in Fashion Design engages students in a focused-study thesis project (collection development) as a capstone experience that results in submitting their collection for formal review by faculty and industry designer-critics, followed by public presentation in a fashion venue and completion of a thesis "magazine" (print collateral).
