About This Program

The Bachelor of Science degree in Professional Studies is a complete program designed for those who wish to work in education, health and human services settings or to continue their studies in a related graduate program. The program reflects a consideration for the nature of the setting in which individuals will work (e.g., youth center, social agency, museum, park, business), the particular skills and competencies required in such career (e.g., program planning, technology utilization, interpersonal and multicultural facilitation) and the nature of the particular function which characterizes the option (e.g., program design, instruction, service delivery).

Examples of Possible Careers

Graduates have pursued careers in many education-related fields, including social service agencies, national parks, computer network management, ministry, and museum education. This program can also prepare students for graduate work. Recent graduates have pursued advanced degrees in Higher Education Administration, law, library service, instructional technology, and counseling.

The Professional Studies program can be designed to meet many different career goals. Employers often look for employees who have strength in communications, the ability to work well on teams, who are well-rounded in their education, demonstrate leadership skills, and possess excellent computer skills

Admission Requirements

Students wishing to declare the Professional Studies major must meet with either the program's coordinator or with the academic advisor within the College of Education, Health and Human Services to discuss their future academic and career goals and to develop an approved program of study. Ideally, students should begin the process for evaluation and program review at or near the time they have a minimum of 60 earned credit hours.

International Students: All international students must provide proof of English language proficiency (unless they meet specific exceptions) by earning a minimum 525 TOEFL score (71 on the Internet-based version), minimum 75 MELAB score, minimum 6.0 IELTS score or minimum 48 PTE score or minimum 100 Duolingo English score, or by completing the ELS level 112 Intensive Program. For more information on international admission visit the admissions website for international students.
