- 1. Acquire knowledge on lesson planning.
- 2. Acquire knowledge classroom management.
- 3. Gain experience in lesson delivery.
- 4. Acquire knowledge on assessment techniques.
- 5. Develop professional teacher dispositions.

Graduate Certificate Policy for the College of Education, Health and Human Services

- Students seeking a graduate certificate must maintain a minimum 3.000 grade point average. A graduate certificate student who receives a combination of more than 8 credit hours of B- or lower grades, or more than 4 credit hours of grades lower than C is subject to dismissal. Students who are unable to maintain academic standards of the College are subject to dismissal for academic reasons. Grades of C- or below are not counted toward completion of the certificate.
- Certificates must be completed within six years after the first graduate enrollment.
- No more than 2 credit hours of workshop may be used toward a certificate.
- Before being eligible to be awarded a Certificate, students must be admitted to the Certificate program.
- Students currently in a graduate degree program may also apply to a certificate program. Their degree seeking coursework may be applied to the certificate coursework with advisor approval. The courses must be completed within six years and satisfy certificate course requirements.
- Students who have a previous graduate degree and are not currently seeking another graduate degree may transfer a maximum 6 credit hours with advisor approval. These credits may include hours from another KSU program, or from another accredited institution, if the following conditions are met: (1) courses were at the graduate level; (2) a grade of "A" or "B" was earned; (3) credit will be less than six years old at the time the certificate is conferred at Kent; and (4) student was admitted as a graduate student at the time the course was taken.
- Some program areas may be more restrictive. Students are advised to consult their program.

Full Description

The Career-Technical Teacher Education graduate certificate provides the educational experiences for individuals pursuing an Ohio teaching license in a vocational field.

Career and technical education teachers help students explore and prepare to enter a career or technical occupation. They use a variety of teaching methods to help students learn and develop skills related to a

specific occupation or career field. They demonstrate tasks, techniques and tools used in an occupation. They may assign hands-on tasks, such as replacing brakes on cars, taking blood pressure or applying makeup. Teachers typically oversee these activities in workshops and laboratories in the school.

Professional Licensure Disclosure

This program is designed to prepare students to sit for applicable licensure or certification in Ohio. If you plan to pursue licensure or certification in a state other than Ohio, please review state educational requirements for licensure or certification and contact information for state licensing boards at Kent State's website for professional licensure disclosure.
