Full Description

The Special Education Early Childhood (PK-5) Additional Licensure Preparation non-degree program prepares students to obtain an additional Ohio Early Childhood Intervention Specialist (PK-5) license. This program is designed for individuals who have a current teaching license and are seeking an additional license to work with young children with diverse learning abilities in a variety of special education settings, from pre-kindergarten through grade 5.

Completion of the coursework is a prerequisite to being recommended by Kent State University for licensure, and licenses are granted by the Ohio Department of Education.

This program does not culminate in a master's degree. Students interested in a master's degree at Kent State must be fully admitted into and complete the requirements for the master's program, in addition to courses that are prescribed here for licensure.
